

# Contract manufacturing

## tesa Labtec - your CDMO

Product transfers are not easy and will be handled with care and a dedicated team of interdisciplinary specialists.

Whether we have developed a formulation for you or you bring a semi final or final formulation to us, a highly experienced team will take care of you.

---

## Product transfers and product launch

The formulation comes from an external development partner or manufacturer?

Our specialists will be by your side, evaluating the formulation, even visiting the third party and work together with them to transfer your formulation, analytical methods and the manufacturing process to our equipment.

## Manufacturing of the commercial product

Situated in Germany, the production site covers the complete supply chain you need to bring your product into the market:

- 13.000 m<sup>2</sup> total with 6.000 m<sup>2</sup> GMP area
- Serialized lines
- Worldwide supply

## Sequence of manufacturing process steps
